**Attendance Policy Updates**

As part of our commitment to academic excellence, character development, and discipleship, we are updating our policies around attendance, absence, and tardies for the second semester. True growth as a learner and disciple happens through consistent presence. Being in class helps students engage, collaborate, build relationships, and develop habits of responsibility, perseverance, and connection to our school community. Some changes also streamline our internal processes for better record-keeping, ensuring we can support students more effectively.

You can review the revised policies in this [summary sheet](#) or on pages 17-21 in the [Student/Family Handbook](#).
